ORGACURE®

High performance Water additive for Fresh convenience Maker

Economical + Sustainable = 100% Performance

The product

Orgacure® for Fresh convenience is an All-in-One wash for food safety, optimal shelf-life and antibrowning of fresh-cut produce, it's economical and made of sustainable resources.

The Orgacure® benefits for business and consumer:

- Antibacterial protection for reliable food safety, reduced food waste and peace of mind.
- 2. Shelf-life extension, economical and clean label for transparency and better marketability.
- 3. Antibrowning with true sensorial and microbial freshness and native taste for greater satisfaction.

Our mission

Responsible food for independent people™

Easy use ®

Orgacure® Freshcut powder works both cold and warm water and is instant applied

Performance

Stored cooled, Orgacure® washed fresh-cut produce stays both sensorial and microbial excellent for about 7 days. The optimal shelf-life is adjustable depending on the task.

ORGACURE®	All-in-One						
Antibacterial		Ø

Antibrowning	Ø						
Applications	1	2					
Concentration	0.7 %	1 %					
Application time	60 sec	90					
Shelf-life	5 days	7					
Cost/liter washwater ¹	5 cent	7 c					
Cost/kilo produce ²	1 cent	1 c					
¹ Subject to purchase volume. ² Si	ubject to act	ual use.					

Clean label

Effectively residue free: No fortification or added ingredient - just washing

Reliable ®

All food grade and generally recognized as safe (GRAS)

Versatile ®

Fruits, vegetables and salads. Extended range e.g. pasta and shrimps

Sensory

Orgacure® keeps the native taste of food. A board of professional examiner, in a trial conducted by SGS consumer testing, could not distinguish between taste, smell and texture of unwashed and Orgacure® apple slices.

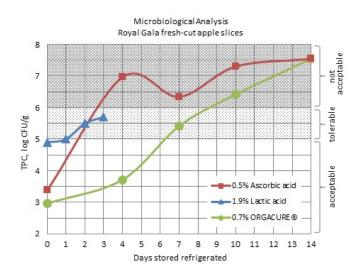

Let's talk about Orgacure® for your business: +31 (0)10 333 081 0 sales@orgacure.com

Economy

Orgacure® makes fresh convenience food processing simple, efficient and reliable. The key processes to ensure safety and quality are All-in-One, saving stress, time and money.

Sustainability

Orgacure® consist entirely of renewable and abundant resources. Orgacure® reduces your resource consumption up to 80%. Used Orgacure® process water is safe to dispose directly into the sewer.

Reduces 99.9 % of the bacteria in total plate count (TPC)
